Dear Dr. Osores,

On behalf of *Discrete Dynamics in Nature and Society*, we'd like to thank you for submitting your peer review report for manuscript ID 5883142.

In recognition of your contribution, we're pleased to present you with a **30% article processing charge (APC) discount on your next submission to Hindawi. Your discount code is: [BP5OREVTR](#)**.

If your next manuscript is accepted for publication following peer review, you can redeem your discount by applying the coupon code to your manuscript's invoice. **The discount code is valid for 12 months.**

Please note: The APC waiver is only eligible on papers on which you hold authorship. Your code should remain confidential and not be shared or commercialized. In the event that your code is used on a manuscript where you are not listed as an author, please be aware that this may lead to exclusion from the pool of reviewers for Hindawi.

Only one APC discount code will be sent per 30 days, and cannot be used in conjunction with any other code. Reviewers who submit multiple reviews in one 30 day period will only receive one APC discount code for that period.

We hope you will choose to review again for Hindawi and hope that you will make the most of this opportunity to publish your next manuscript with us.

Best wishes,

The Hindawi Team
